

## **AULA Institute Year in Review (2008-2009)**

### Accomplishments and Areas for Growth

#### ***Accomplishments***

- Established policies, practices, and procedures and published them campus wide.
- Established record-keeping and reporting relationship and procedures between the Institute and the Development Office.
- Developed Institute web pages to make all Institute processes, procedures, forms, etc., available via the internet.
- Established visible presence on campus with faculty and staff.
- Provided highly successful and well attended hand-on workshop(s) for faculty and staff (3 per year)
- Submitted ~\$1,400,000.00 in Letters of Intent and/or proposal to appropriate funders.
- Awarded \$18,000.00 in response to proposals.
- Developing target and strategic plans for Institute growth and development.

#### ***Areas for Growth***

- Develop a budget for Institute activities
- Receive institutional research, particularly on student and alumni demographics, performance, and activities
- Establish presence and professional relationships within funding organizations
- Develop, strengthen, or reinvent timely academic and non-academic programs ripe for funding
- Encourage and support faculty and staff to develop fundable projects
- Offer funding workshops to our partner organizations
- Develop long-term partnerships with like-minded, recognizable community organizations
- Encourage faculty to work consistently with target community organizations
- Establish university identity in Southern California
